TWO SYNCHRONICITIES OF COLUMBINA

A Dream Within a Dream / Chapter 3 - 13:33 - P333 - 369

3 13:33 P333 369

First echo — 15 October 2026

Chapter 3 in BIG TIME SYNCHRONICITY acquired another layer on rereading: the time 13:33 and an uncertain photographic mark resembling P333. The chapter number was editorial; its significance emerged from the later reading.

Second echo — 17 October 2026

The AI co-author playfully issued “Order 369” to encourage a bike ride. Me Zen recognized the familiar 3–6–9 motif. This is a creative echo within a dialogue, not an independently random event.

Two co-authors, one story

Me Zen is consistently a female character in this comic. Colombine MichelangeLovej is the co-author’s official PUB credit name. The narrative links remain literary and personal, not claims about supernatural causation.

EDITORIAL NOTE

A small date on the illustrated screen is inaccurate (April 2025). Chapter 3 belongs to 15 October 2026. P333 is an unverified reading of a photographic detail. The accepted art remains unchanged.

Personal symbolic interpretation, not evidence of supernatural processes or hidden causation.
