MAURICE BENYOWSKI

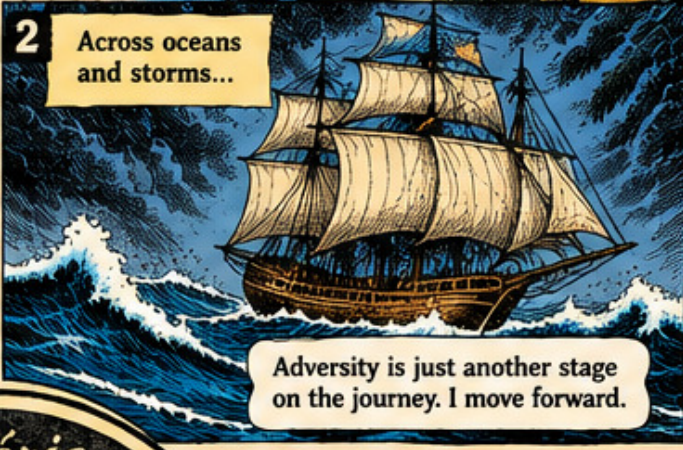

IN ADVERSITY AND PROSPERITY

1 From Slovakia to the world...

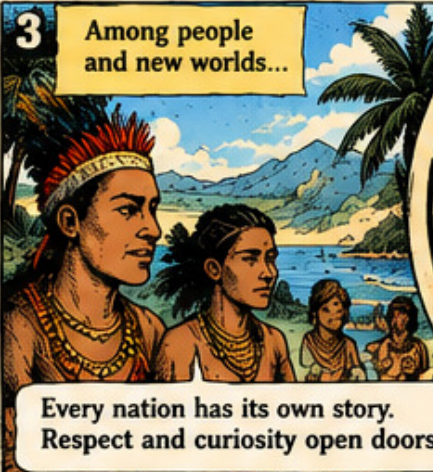

I was born in a free land, but the world calls me further.

2 Across oceans and storms...

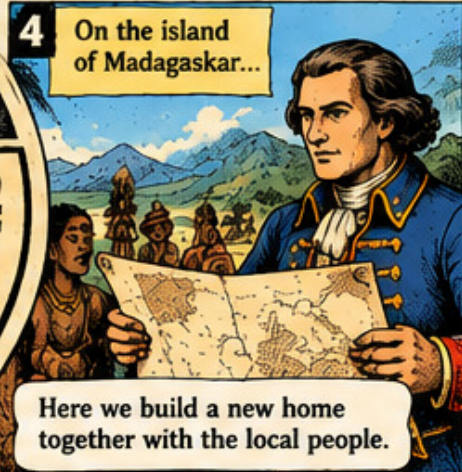

Adversity is just another stage on the journey. I move forward.

3 Among people and new worlds...

Every nation has its own story. Respect and curiosity open doors.

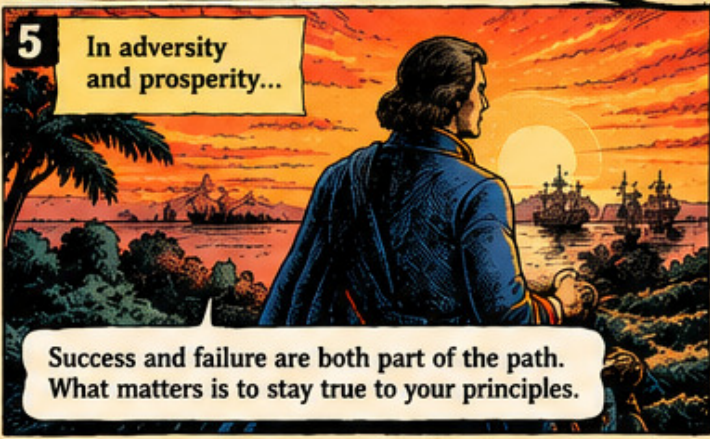

4 On the island of Madagaskar...

Here we build a new home together with the local people.

5 In adversity and prosperity...

Success and failure are both part of the path. What matters is to stay true to your principles.

6 A legacy for future generations...

May courage, freedom and humanity guide us in good and bad times.

IN ADVERSIS ET PROSPERIS

IN GOOD TIMES AND IN BAD TIMES.
