Discounts are not just numbers. They are keys to new stories!

9. Nora — A Poetic Dream.
From the light emerged Nora, a muse of dreams.

Night, night the sweet sky, the worlds unseen bring me to you in my dreams.

You've really become a poet.

10. A New Comic Is Born.
The worlds merged. The portal opened, and Mea Zen returned home. This time she did not return empty-handed.

I brought back the seed of a new comic.

The same bicycle. A different story. And this is only the beginning...

Lu Cia: Very sweet.

Nora: You've become a poet.

Some journeys do not end. They simply transform into more stories.
